

Community Learning News and Notes

The Community Learning Center has been serving Fort Collins and the surrounding area since 1998. We have offered over 600 classes with an enrollment exceeding 4500 students. Classes have been held at Preston, Blevins, Lincoln, CLP Jr. High and Johnson Elementary. Poudre School District partners with Community Learning to make this a successful adult enrichment program.

You will find our class schedule for fall/winter on our website at www.communitylearningcenters.com. Our second session of this first term will begin in October. We have openings in the following classes for the second session: Beads, Pottery, Watercolor, Paint with Pastels, Adv. Flower Arranging, Adv. Jewelry Making, Excel, Basic Web Building, Basic Internet, Powerpoint, Yoga, Spanish, Love & Logic Parenting, Starting Your Own Business, Black & White Photo and Photo for the Novice. For specific class information please consult our website.

Please look for our winter/spring brochure in the Fort Collins Forum on January 16th. Our new class schedule will be available on our website in early January. Thanks to all of you for your past support. If there are any specific classes that you'd like to see offered or if you'd like to teach a class please give me a call at **266-0150** or send me an email: kwagner@psd.k12.co.us.

Spotlight on Jewelry Making

Kim Cohen attended C.S.U. and received a Bachelors of Fine Arts with a concentration in Metals and Jewelry. Kim has been with PSD teaching art, including jewelry and photography, and technology for five years now. She has also been teaching Jewelry classes through the Community Learning Center for the last two years. Kim had the opportunity to make and sell jewelry at the Renaissance Festival this summer, thus increasing her experience and knowledge.

The Art of Jewelry class offers those interested the chance to explore basic metalsmithing techniques and design, as well as providing a channel for creative expression and fun! Kim is passionate about teaching and making art and considers herself to

be a lifelong learner.

Kim will be offering an advanced jewelry making class beginning Nov. 4-Dec. 2. Please register on the website or call me at 266-0150.
